SIM & SERVICE

starting from **9,90 €** /month

ADM
ActiveDevice Management

The device status is monitored 24 x 7 and, if required, it is *reactivated*

The LOSTnFOUND SIM card supports *MultiNetworkSet*®
(works in multiple networks within a country)

Various terminal devices for different requirements

Adapting the reports to your needs

Complimentary on-line training and support

ON-SITE SERVICE

Local installation service professional and almost invisible

Information material & consultancy regarding the privacy policy

Chose your language

Multilingual (10 languages) web-interface

Google play
Available on the App Store

APP for iPhone & Android

TC eMap® ready

The telematics solutions of LOSTnFOUND® can now be tracked via TC eMap® von TimoCom

30 DAYS FREE TRIAL!

Place your order now without any commitment for the demo set and test it for a period of one month FREE OF CHARGE the solutions provided by LOSTnFOUND®.

It has never been so easy and inexpensive to track one vehicle or an entire fleet or carried goods.

In Live Tracking, vehicle positioning, **current gas consumption** or **exceeded driving time** and rest periods (Figure 1) are displayed in configurable intervals. You want to know how far away your vehicles are from a customer? Just one click, and you have the complete overview (Figure 2)!
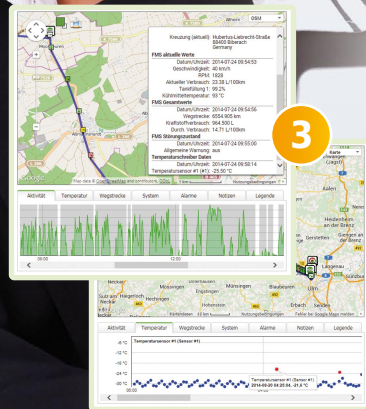

Report section: detailed information about past activity such as itinerary, **driving behavior**, data from installed sensors, **tire pressure**, **temperature of the goods** (Figure 3) - Sensors can be set up with individual thresholds as well as **multiples alarms** (Figure 4).
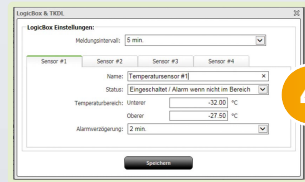

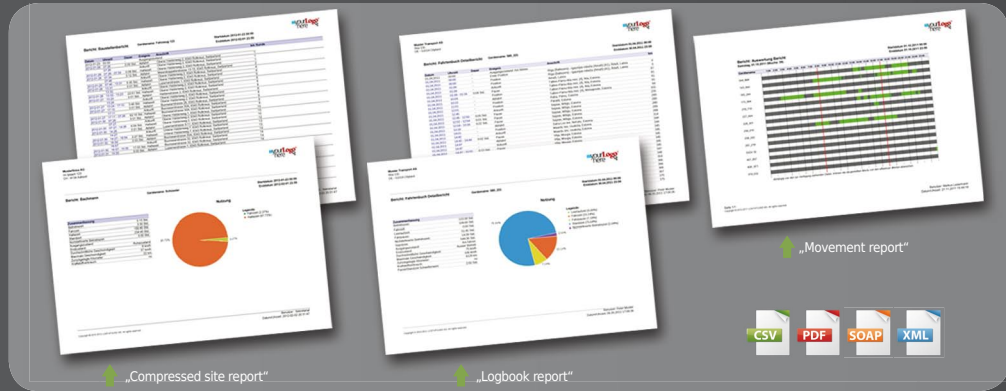

You want to send and manage tasks to your **workforce directly** from your web interface? No problem thanks to the integrated system MISSION, you can **edit any mission or orders** (Figure 5), save them as templates if recurrent.

For any mission accomplished, the employee creates on his smartphone a detailed **electronic work report**, including time, quantities, volumes... multiple fields can be **selected including barcodes**, **pictures** and customer's **signature** (Figure 6).

More than **20 comprehensive analysis** & **reporting functions**
